

GT WORKS LIMITED STRUCTURAL LIFETIME WARRANTY

If your GT WORKS Alloy Tray fails because of defective materials or workmanship under normal use while you are the original owner, we'll repair or replace the part (s) in question.

To request a repair, contact your nearest GT WORKS reseller or contact us on line – www.gtworks.com.au we'll get straight back to you with next steps.

Proof of purchase will be required to make a warranty claim.

WHAT IS COVERED?

GT WORKS warrants to the original retail purchaser that the **structural part** of the tray

- Tray deck aluminium planks, side coaming rails
- Headboard bottom fixed panel and headboard upright rails
- Tray Bearer Rails

will be free from defects in materials or workmanship for as long as the original purchaser owns the product and have that product fitted on the original cab chassis light commercial utility vehicle purchased as new vehicle from the car dealership.

For GTWORKS tray body purchased and fitted on a used vehicle, above mentioned components warranty period is five years.

For GTWORKS tray body purchased from any third party other than GTWORKS or GTWORKS authorised retailer, warranty period is one years.

If our product fails during the warranty period due to a defect in material or workmanship as listed above, we will repair or replace the defective part(s).

A one-year product warranty covers all other parts of the GTWORKS Tray and Canopy, fasteners as well as any other GTWORKS accessories.

A one-year coating warranty covers the coating of any part

Our warranty only covers GT WORKS products purchased in Australia from approved GT WORKS resellers and fitted by GT WORKS authorized fitter.

WHAT IS NOT COVERED?

Our warranty does not cover damages that result from misuse, use beyond the products designed limit and intended functionality or abuse of the product. It does not cover normal wear and tear or damages such as abrasion, scratches or fading. It does not cover any product that has been in contact with any salt water, sea water or any chemical. It does not cover any product which the fitted vehicle was involved in any accident or incident. The warranty does not cover incidental or consequential damages, such as damage to, or loss of, the contents of the tray, loss of use, loss of time, or similar expenses. The warranty also does not cover any damage occurred during the transportation should customer has not nominated for the transport insurance option. The warranty does not cover any used or ex-demonstration products you have purchased.

It does not cover any GT WORKS products purchased outside Australia.

A note about GT WORKS hybrid trays

GT WORKS know trays on the back of vehicles need to withstand a lot – our trays are built tough to take this. But like any heavily used product, GTWORKS trays will scuff, dint and scratch as you clock up the Kilometers. This kind of wear and tear is considered normal and is not covered under our warranty.

Definition of normal use: use the tray body to carry out trade or recreational activities within the tray body designed load limit, intend functionality and for on road and normal off-road use only. Product is not to be in contact with corrosive material.
